

Annual Conference: 8-9 July 2024

Newcastle University

Promoting Research and Development in Power Electronics, Machines and Drives

The **Centre for Power Electronics (CPE) Annual Conference** will bring together the Power Electronics, Machines and Drives (PEMD) Community to review the latest Research and Development that will impact the Electric Revolution. This Conference will feature Invited Keynotes and Presentations from Leading Academics and Industrialists and present views of the Future Demands for Power Electronics, Machines and Drives.

The Conference and Exhibition features:

- Academic Keynote Presentations from International Speakers
- Industrial Keynote Presentations from Leading PEMD based Organisations
- State of the Art Invited Research Presentations from UK Universities
- Early-Mid Career Researcher Presentations
- Centre for Doctoral Training for Sustainable Electric Propulsion Session including PhD Students
- Exhibitors from the Industrial Design, Manufacturing and Test Community
- Poster session with over 50 posters drawn from the UK research base in PEMD
- Networking BBQ dinner on the evening of Monday 8th July 2024

The attendees are offered exceptional value at attractive prices to participate in the Conference with support from the Centre for Power Electronics (www.powerelectronics.ac.uk), with a focus on encouraging Students and Early Career Researchers to demonstrate their ideas and network with the PEMD community.

For **Exhibitors** and **Sponsors** at CPE 2024, there are opportunities to:

- Network with the Leading Academics and Industrialists involved in PEMD
- Raise awareness of PEMD supply chain with the future talent pipeline of students and researchers
- Promote organisation capabilities for advanced research and development projects
- Present a showcase to assist in recruitment of power electronics personnel

For more information contact: office@imaps.org.uk

Exhibitor Opportunities during CPE 2024:

- Exhibitor Introductions to Full Conference
- Designated Exhibitor and Poster Sessions on Monday 8th and Tuesday 9th July
- Networking Opportunities during Refreshment Breaks, Lunches and BBQ Evening Meal
- Visit to the Electrical Power Laboratory at Newcastle University

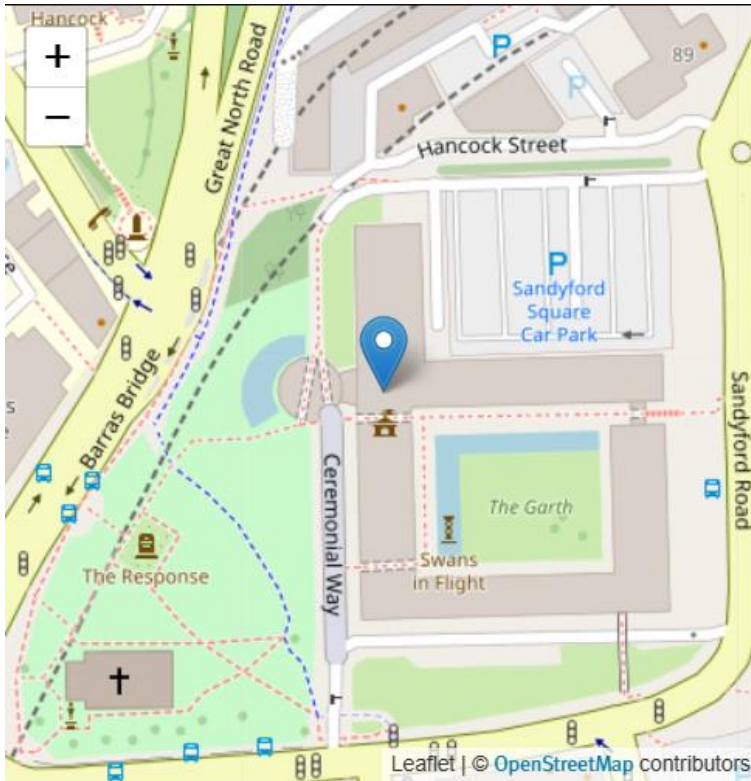

The Venue

Newcastle Civic Centre
Barras Bridge
Newcastle
NE1 8QH

The Civic Centre is close to the A167 (M) and parking options are available [HERE](#).

The Civic Centre is close to all central bus routes and a 3 minute walk from the Haymarket Metro Station.

Newcastle International Airport is 15 minutes by taxi.
